How To Fix Premiere Pro CC Error 7 when opening a project?.Harris hip arthroplasty and subsequent hip arthroplasty: comparison of predictors for revision and rerevision. A multicenter study was performed to determine predictors for revision or rerevision of a Harris metal-on-polyethylene total hip arthroplasty. We analyzed 801 Harris metal-on-

polyethylene total hip arthroplasties performed by 24 orthopedic surgeons at four institutions. The arthroplasties were performed between 1980 and 1983; at the time of this study, patients were an average of 6.8 years postoperative. Following analysis of radiographic and medical history, 46 knees (7.8%) were revised and 11 hips (1.7%) were rerevised. Logistic regression analysis was used to determine relationships between patient and arthroplasty variables and complications. Gender and use of a constrained or nonconstrained arthroplasty were significant predictors for revision; no variable was significant for rerevision. Charnley type, contralateral knee replacement, surgery at an outside hospital, polyethylene wear, arthroplasty technique, and quality of acetabular component alignment were not significant predict d0c515b9f4
