Security Dongle Combo is a full featured backup and recovery dongle that supports various operating systems such as Windows Server . USB Dongle Backup and Recovery 2012. Copyqnya lebih menyarankan sebuah. Dongle Backup and Recovery 2012 is an ideal solution for all USB dongle, USB flash card and e- reader. This is a USB device manufactured by, a brand name of.Q: Qty says zero but it's not I'm using a multi-currency storefront to allow my store to support different currencies for different countries. The way I like to set it up is that when the customer is billed in US dollars, the store is billed in EUR, but when the customer is billed in EUR, then the store is billed in USD. The idea is to have a consolidated amount billed/received by the store, and then use a currency conversion factor to have the store's price reduced to the appropriate currency. I have it working correctly for USD and EUR, but I'm having trouble getting it to work in GBP. When I try to

add the product to my cart it says that the qty is zero, even though it has a value of 1000. When I click on the cart link, it says that the cart is empty. Any ideas what the problem is? Here's the code for the cart:

```
$amount=PriceHelper::parsePrice($amount);
    $currCurrencyCode =
Mage::app()->getStore()->getCurrentCurrencyCode();
    $amount=
Mage::app()->getStore()->roundPrice($amount,false);
    $baseCurrencyCode =
    Mage::app()->getStore()->getBaseCurrencyCode();
$rate = Mage::app()->getStore()->getConfig()->curren
    cy_to_value($currCurrencyCode); $newAmount =
$amount*$rate; $storeRate = Mage::app()->getStore()
->getConfig()->currency_to_value($baseCurrencyCode
); $storeTax = $storeRate * ($baseCurrencyCode==
```
